Emshee won the Country Club Handicap Somewald after an exciting matter. Memphis, Tenn., April 6.-The uncertainty | after an exciting finish with Huzzah and Harry New. Nobody gave Emshee a chance the race. The general public backed Waswift with great confidence, while the ! smart players followed Charlie Ellison's money on Harry New. Harry made nearly all the running and was only beaten in the last stride or two.

Waswift's performance caused general disappointment. This horse has no more heart than a chicken. He generally wins running away from horses he can outfoot. but when put to the pressure he invariably flinches. Harry New ran his eye out to-day, just as he did in the Montgomery

Handicap.

Sam Hildreth thought he could win the race with Floyd K. and scratched Witful. Floyd K. was never in the hunt. John W. Schorr introduced another preceded in the second event. His name is Molinos. On the strength of his fast trials, the colt was sent to the post favorite at odds on. He won impressively from Myron Dale and Flo Bob. Molinos had to be hustified along to beat Myron Dale and Flo Bob. Molinos had to be his fled along to beat Myron Dale and Flo Bob. Throw the race out as far as the latter is concerned, for he got away all tangled up and failed to run to his morch. Myron Dale showed vast improvement in Bain Hildreth's hands. Bullman found it necessary to shake up Molinos at the end in order to giave off Myron Dale's closing rush. Molinos responded gamely when called upon, and won going away from his field. He is a handsome bay colt, by Russell. Madam Hindo. Doctor Bernays's recent purchase Brick Fowier, showed a lot of early speed.

mousey bet on the race and won like an

to be rioden out to best Charlie Mahone's

clusing fast on Avoid, and would have beaten her for the place in another jump.

The start decided the first race. It was a

Statute in Texas.

REPUBLIC SPECIAL.

Dallas, Tex., April 6.—The new law against betting on horse racing or seiling pools in Texas is to be attacked in the courts by the Western Union Telegraph Company. It has been learned that neither the bookmakers nor pool severs will take any hand in the litigation; that the Western Union will make the fight for liself and its turr patrons.

If the new State law stands in the courts, it means a loss of nearly half a million dollars telegraph revenue to the Western Union in Texas annually.

The plan is to start the attack after the end of the present special mession of the Legislature, probably about May I, but not later than July I. Executive officials of the Western Union: a Texas division have consulted tawyers in Dallas on the groposed litigation. It is comtended that the new law contains a fattal defect, and can easily be set aside.

The directors of the Texas State Fair are to meet Tueslay to determine officially whether the racing programme for next fall shall be rein and. General Manager Smith of the State Fair said: "We don't know yet for a certainty what we will do. Much depends on developments. I expect the Western Union will attack the new law. Surely, it is the rankest kind of legislation. Betting can be done on cock fighting and other aporting events in Texas, but not on horse racing." One bottle of The Texas Wonder, Heil's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures disbetes, seminal emissions, weak and lame backs, rheumatism and all Irregularities of the kidneys and bladder in both men and women; regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment, and will cure any case above mentioned. Dr. E. W. Hall, sole manufacturer, P. O. CARDINALS DEFEAT TROLLEY LEAGUERS

Practice Game for Donovan's Team on the East Side.

Milton Allowed the East Siders Only Three Hits, While the Cardinals Got but Eight Off Terry.

At East St. Louis yesterday the Cardinals defeated the Nationals, East St. Louis's representatives in the Trolley League, by a score of 5 to 1. The Cardinals were invited by the East St. Louis management to open the baseball season in East St. Louis, at the East Side's new baseball park on Thirty-rixth street and the Rock road.

Five hundred eager fans greeted Donovan's aggregation on their arrival at the grounds. Much interest naturally centered In the team after its victory over the Browns, and the rooters cheered each mem-

ber as he went to but.

Terry, the East St. Louis pitcher, held the locals down to eight hits, but Donovan's men did not extend themselves, as the atmosphere was raw. Milton allowed the East Side ream but three enfeties. His command of the ball was good and his control all that could be desired. HONORS FOR JIMMY BURKE.

HONORS FOR JIMMY BURKE.

For the Cardinals, Jimmy Burke, who made his initial bow yesterday, carried off the latting honors, getting two safeties out of four times up, and clouting the ball hard on his two other times at bat.

The Cardinals went to but first, and were retired in one-two-three order. This pleased the East Side reoders, and they gave their own club the glad hand as the players came to bat.

The Cardinals made one run in the second and second and the colar second and the run in the last the last the last sunday and the

The Cardinals ended their run getting in the seventh inning by adding three to their score on singles by Williams and Burke, a base on bulls to Smoot, and a three-bagger against the fence by Dave Brain.

For the East Side team, the Hofman brothers, Martin and Terry, did the best work. None of the Cardinals extended themselves.

Following is the score of the game by innings:

His arm is the cut of a bail with the best of them. He playing in the Browner of the best of them the playing in the Browner cardinal series has seen the best of any man on either team. He also on players in himself, a rare thing in youngstern, and can play all the inside points of the game.

The Cardinale have in Weaver and Hackett, perhaps the tailest battery in the national game. Weaver, the calcher, owns up to 6 feet 2% inches, while Hackett news him one better, being just 6 feet 3% inches. Weaver's height is a great sid to his throwing. When a base runner starts to steal on him he etraightens up and shoots the ball over the batter's head.

Milton's exhibition against the East St. Louis train yesterday was of a high class. While the East St. Louis players are not all Burkets, the youngsters can hit at a fair clip. But the beat they could do off Milton's delivery was to get four hits. Of these only one was a clean single, the other three being flukes.

Jimmy Burke's bow with the Cardinals yesterday was satisfactory to Denovan. His fielding was clean and snappy. Out of four times up the Goose Hollow product extend the two safeties. Now that Burke has settled his little dispute with the Cardinal management he will couldly be in the game regularly. Just where the could not set in the known to Patsy alone, but it would not surprise some people to see him become a fixture on second base.

John Anderson, the Cardinais' big first base-man, seems to be having much trouble with the recently adopted foul-strike rule. Nearly every time Anderson has been to the bat in the Car-dinal-Brown, series the umpire has called one or two foul strikes on him.

That Donovan is very anxious to annex three out of the four ante-season series games was shown Sunday, when he trotted Jone O'Neill to the firing line and took a chance on having his stellar bor artist hurt his arm. When he saw, however, that he had a good chance to win out he signaled for O'Neill to retire, thus making the strain as light as possible on the bir south-paw.
